- **Product & Strategy:** Product Thinking, Interaction Design, Responsive Web Design, Design System Architecture, Accessibility (WCAG 2.2 AA)
- **Collaboration & Delivery:** Cross-functional Collaboration, Stakeholder Communication, Agile / Scrum, Developer Handoff, UX Strategy, Leadership
- **Additional Skills:** Icon Design, Gamification UX, AI-Assisted Research & Rapid Prototyping

WORK EXPERIENCE

Senior UX Designer | Altimetrik — Nasdaq

Feb 2022 – Present (4Y)

- Led the UX modernization of NASDAQ CALYPSO, redesigning complex capital markets workflows into a scalable responsive web experience that improved task efficiency by 25% for 1,000+ enterprise users.
- Drove the end-to-end product design lifecycle, including user research, workflow analysis, wireframing, high-fidelity UI design, interactive prototyping, and developer collaboration, accelerating product iteration cycles by 25%.
- Architected and scaled a reusable design system with components, variables, responsive patterns, and icon libraries, reducing design-to-development handoff time by 20% and ensuring consistency across multiple enterprise products.

- Designed employee engagement and gamification experiences for the DEX platform, improving digital employee interaction by 30%, reducing support tickets by 15%, and contributing to higher platform adoption across internal teams.

EDUCATION

- **B.Tech — Electronics & Communication Engineering**

  Crescent Institute of Science & Technology, Chennai | 2018 – 2022

COMMUNITY & VOLUNTEERING

- **Friends of Figma Chennai** — Actively volunteered and **organized community events**, fostering networking and knowledge sharing among 250+ designers.

- **Notion Chennai** — Contributed to organizing meetups, workshops, and design community events, increasing local design community engagement by 20%.
